A Farewell programme was organised for the outgoing class xii batch to bid them adieu and wish them fortune for their new innings of life.

Some memories are engraved in our hearts.

*Instrumental performances , motivational speeches ,
endearing songs and dance performances
were the heart and soul of the programme .*

The students received the mementos as their most cherishable memory.

*The word 'memento' echoed identity
and integrity for the students.*

Some stills are lifetime achievements

*A moment is a memory till
we realize it.*

*Life is a Memento which can't be
relived practically but can
be relieved through memories.*

Fun titles were given to the students to encourage them for their new journey after school.

*The best thing about memories
is making them.*

Life is not only about making suitable endings but it is also about exploring new beginnings.

**The hour of lunch was the moment of
nostalgia and of vivid discussion on
future endeavours.**

**In recollection & in recreation,
a lunch break can work wonders.**

**The best memories are made
around the table.**

**The teachers, staff and the students
unanimously enjoyed the programme
with extreme enthusiasm**
