The future belongs to those  
who believe in the beauty of their dreams.*

## FROM THE PRINCIPAL'S DESK

I am pleased to give stalk of our achievements and glories on this occasion in the form of our Annual Magazine of the School. Our school has honed and fine tuned a learning and life-skilling system that has been envied and benchmarked across the region for past so many years. An investment made in Aditya Birla Vani Bharati (ABVB) pays many dividends through life. From the moment the child enters the school gate as a  $3\frac{1}{2}$  year old, he gets to realize who he is; and where his potential lies. Irrespective of his background or caliber, he is groomed and nurtured in a way that he can stride into the adult world, confidently, responsibly and independently. Yet, in today's world, no institution of repute and quality can afford to sit on its laurels. So, a decisive shift in pedagogical approach under the able guidance of Dr Shyamlal Ganguli, Director of Education, has helped us as a school to gain a national reputation. Our school is progressing in leaps and bounds towards its mission- **"To meet global challenges with value orientation and liberation of mind"**.

Achieving excellence is the endeavour of all educators and academic institutions. I feel elated to present you the Annual round-up of the school. We provided different platforms to administer holistic education to our students and I take you through our efforts and achievements registered by the school in yet another session of academic escalation. My teachers, my subordinate staff and above all my students are my pride. We stand committed to our pledge for bringing out the best in each student of ABVB and ensuring all that is required to reaffirm that **"Every child of this school is an Asset"**.

## INFRASTRUCTURAL DEVELOPMENT

A good infrastructure encourages children to attend school more regularly than the ones without any good facility. ABVB puts a lot of emphasis on infrastructural development as we believe that a conducive environment with state-of-the-art facility makes learning comfortable, creates more space for fun activities and allows space for talent development.

- Renewal of Fire Prevention and Fire Safety Norms, Maintenance and Testing
- Refurbishing of Staff Room for Teachers
- New Set-up of Teachers' Conference cum Visitors' Room
- Water Resource Upgradation
- Facelift of School Building with Tile Work

**The fear of an unknown super power watching over all of humanity, is believed and respected by thousands and the Closed Circuit Televisions are the materialistic version of this all Seeing Eye. Adapting this technology to our school was a good decision that helps to maintain a good atmosphere for the students to learn and develop.**

**Installation of Closed Circuit Television Cameras**

## Renewal of Fire Prevention and Fire Safety Norms, Maintenance and Testing

A fire outbreak can happen anywhere and at any time and not just in restaurants or factories. It could even happen in a school. Hence, it is important for every student, teacher, school authorities and parents to know how well the school is prepared to deal with emergency situations.

According to the National Disaster Management Authority of India (NDMA) every school has to strictly abide by certain rules and regulations to prevent fire outbreak and ensure safety. Fire Prevention and Fire Safety measures should be part of the initial school design, and also require regular maintenance and testing.
